Hi Erin,

Sorry, I thought I answered this email. Hopefully the entire series for the 404 coordination meetings was not cancelled on your calendar; we've been cancelling the meeting if DWR and the Corps communicate that we have nothing significant to cover, so individual meetings should have been cancelled on a biweekly basis. The last 404 Coordination meeting was on Aug 13, though we had a 404 Program Management meeting on Sept 9. The DWR team has been working on the 401 application and 404(B)1 analysis, and I believe the Corps team has been working through the 404 application.

Let me know if you have additional questions.

Thanks,

Mike
